

June 14-16, 2023, Lille, France

SOSE

18th Annual System of Systems Engineering Conference

Main Organizer

- University of Lille
- CRISTAL CNRS 9189 Laboratory

Founding Chair

- Mo Jamshidi, University of Texas San Antonio, USA

General Chair

- Rochdi Merzouki, University of Lille, France

Program Co-Chair

- Othman Lakhal, University of Lille, France
- Abdel Aitouche, JUNIA, Lille, France

Organized Session Chair

- Kamal Medjaher, ENIT, Tarbes, France

Publication Co-Chair

- Kambiz Tehrani, ESIGEEC, Rouen, France

Industrial Liaisons

- Paul Hershey, Raytheon, USA
- Garry Roedler, INCOSE, USA
- Gerald Dherbomez, CNRS, France
- Myriam Caudrelier, CNRS, France

European Liaisons

- Jakob Axelsson, Mälardalen University and RISE, Sweden
- Thierry Denoux, UTC, France

Main Organizer Asia & Pacific Liaisons

- Kumar Arun Samantaray, IIT Kharagpur, India
- Mohamad Khalil, UL, Libanon
- Haoping Wang, NUST, China

American Liaisons

- Patrick Benavidez, University of Texas, Saint Antonio, USA

Main Local Arrangements Chairs

- Belkacem Ouldbouamama, University of Lille, France
- Anne-Lise Gehin, University of Lille, France
- Sarah Ifqir, Centrale Lille, France
- Hela Kadri, University of Lille, France
- Blaise Conrard, University of Lille, France
- Olivier Scrive, Polytech Lille, France

IEEE System; Man and Cybernetics Society announces

the eighteenth International Conference on System of Systems Engineering (SoSE) with its vast ramifications in numerous engineering fields such as control, computing, communication, information technology and in applications such as manufacturing, defense, national security, aerospace, aeronautics, energy, environment, healthcare and transportation. The conference theme is "A.I and Autonomous Robotics in System of Systems". This event will provide the opportunity for worldwide researchers and practitioners to share together the latest developments and new trends in System of Systems Engineering. Papers on theories, methodologies, and applications of Systems Engineering in science, industry, and education are welcome. The last edition has been held in Rochester, USA.

Paper submission: Papers must be submitted electronically via the Web upload system [only](http://www.sosengineering.org/2023/). The guidelines are given at the Web site:

<http://www.sosengineering.org/2023/>

Full papers should be submitted in standard IEEE double-column format for conferences. The first page of the paper, centred on the top below the top margin, should include the paper title, the authors' names and their affiliations, an abstract, and keywords. Five to Six pages are allowed for each paper. Submitted papers will undergo a peer review process, coordinated by the Program Chairs and the IPC. We will also accept three-page poster papers (in two-column format). Detailed instructions for paper/poster submission and format can be found on the conference website.

Invitations will be made to the authors of the best papers to submit an extended version of papers to the following journals of book chapters for the CRC Taylor-Francis SOSE Book Series:

1. IEEE Systems Journal (<http://www.ieeesystemsjournal.org/>)
2. Journal of Enterprise Transformation (<http://www.tandf.co.uk/journals.UJRT>)
3. CRC Taylor & Francis Books Series on SosSE, MO Jamshidi Editor

Important Dates:

Deadline for Special Session : **15th February 2023**

Acceptance Notification of Special Session : **1st March 2023**

Deadline for Papers Submission : **15th March 2023**

Notification of acceptance/rejection: **1st May, 2023**

Final, Camera-ready papers due: **11th May, 2023**

For general and technical program inquiries about the conference, please contact :
